	<p><i>Description: We are planning to replace our existing Automatic Driveway Gate from a Swing Arm to a Motorized Sliding gate. Reason for replacing:</i></p> <ol style="list-style-type: none"> <i>1. The Automatic Driveway Gate was installed by the previous owner back in 2004. It's is very old and not functioning properly. The post on which one of the Swing Arm is bolted is made of wood and has started rotting due to which the gate is now sagging</i> <i>2. The swing arms are not able to withstand high winds and bang against each other and eventually breaks and the gate opens into the alley which is a safety hazard for vehicles</i> <i>3. The contractors are recommending replacing the Swing Arm gates with a Motorized Sliding gate to permanently resolve the issue</i>
